

CS6512A

Potassium Ion (K⁺) Electrode

Specifications:

Type: PVC Membrane Ion-Selective Electrode

Measurement Range: 0.04-39000mg/L

pH Range: 2 – 12 pH

Temperature Range: 0 – 50 °C

Pressure Resistance: Not Pressure Resistant

Integrated Temperature Sensor: None

Housing Material: EP (Engineering Plastic)

Connection Thread: PG13.5

Cable Length: 5m standard (Custom lengths available)

Cable Termination: Tinned ends standard (Custom terminations available)

Order Number

Name	Content	NO.
Temperature Sensor	\	N0
Cable Length	5m	m5
	10m	m10
	15m	m15
	20m	m20
Cable Connector / Termination	Tinned	A1
	Y insert	A2
	Flat Pin Terminal	A3
	BNC	A4
