

SC300PH Portable pH meter

Technical parameters:

- 1、Range: 0.01-14.00 pH
- 2、Accuracy: $\pm 0.02pH$
- 3、Resolution: 0.01pH
- 4、Calibration: standard solution calibration; water sample calibration
- 5、Shell material: sensor: POM; main case: ABS PC6、存储温度: 0 到 40℃
- 7、Working temperature: 0-50℃
- 8、Sensor size: diameter 22mm* length 221mm; weight: 0.15KG
- 9、Main case: 235*118*80mm; weight: 0.55KG
- 10、IP grade: sensor: IP68; main case: IP66
- 11、Cable length: standard 5m cable (extendable)
- 12、Display: 3.5-inch color display screen with adjustable backlight
- 13、Data storage: 16MB of data storage space, about 360,000 sets of data
- 14、Power: 10000mAh built-in lithium battery
- 15、Charging and data export: Type-C
